

PLEASE PRAY FOR:

The well-being of people around the globe who do not have a safe and decent place to raise their families; especially those in Haiti who were effected by the earthquake that struck in January of 2010.

Those families in Omaha who are applying for Habitat homes in 2010. Only 35 families will be selected, but we pray for some housing solution for each of the several hundred applicants.

Each of the households currently paying their Habitat mortgages, dealing with a multitude of homeowner issues, that their housing will continue to be a blessing to their family.

Thanks for Putting Your Faith into Action.
