If you're interested in finding a great deal on some beautiful furniture, now is the time to come down and check out the inventory. Unbelievable high quality furniture has just been received, but it won't last long!

**Tile!** There is still plenty of tile in many different colors and in a variety of sizes: 12x12, 13x13, and 18x18. We also have grout, thin set and adhesive to help finish your project.
